Code: K30-1250

Product Name: BEAM+ IP IP67 RECESSED FLEXIBLE LED TAPE

Description

The Beam+ IP 12V LED Flexible Light is the ideal solution for stylish and seamless lighting in demanding environments. Crafted with anti-yellowing silicone and a robust copper LED holder, it delivers uniform, high-brightness illumination with no visible spotting. Easy to cut, install, and control, the Beam Flexible Light combines performance with flexibility for flawless lighting results. Ideal for slat wall applications, especially where IP-rated panels are being used.
