QUALITY

TLW Global emphasises the quality of its lighting products, using high-grade materials and bespoke processes to ensure reliable and long-lasting performance.

CUSTOMER SERVICE

TLW Global places a strong emphasis on providing excellent customer service, with a team of knowledgeable and responsive professionals who work closely with customers to understand their needs and provide tailored solutions.

INNOVATION

TLW Global is committed to innovation in LED lighting, investing in research and development to create cutting-edge products that meet the evolving needs of its customers.

THE ADVANTAGES OF LED LIGHTING

ILLUMINATE YOUR SPACES WITH EFFICIENCY

Discover the Advantages of TLW Global's Decorative LED Lighting

Illuminate your kitchen, bedroom and bathroom spaces with the efficiency of LED lighting. TLW Global's products are designed to offer unique advantages, providing not only brilliant illumination but also energy efficiency and longevity.

ENERGY EFFICIENCY AND LONGEVITY

EFFICIENT ILLUMINATION THAT LASTS

TLW Global's LED lighting solutions guarantee efficient illumination that lasts. With an energy efficiency of 80%-90%, our products convert most energy into light, significantly reducing energy bills. The operational life of over 50,000 hours ensures that TLW Global's LEDs last for more than 5 years of continuous operation, making them a reliable and cost-effective choice.

Did you know...

If you put your LED lights on 50% every day they would last 11 years!

VERSATILITY AND DISCRETION

TAILORED LIGHTING SOLUTIONS FOR EVERY CORNER

TLW Global's decorative LED lighting offers versatility and discretion for every corner of your kitchen, bedroom and bathroom. The compact sizes enable discreet installations, eliminating bulky fittings and wires, while providing creative lighting solutions that suit the unique aesthetics of your spaces.

Did you know...

The smallest diode ever made was smaller than a grain of salt!

SAFETY WITH LED'S

SAFE AND STYLISH LIGHTING

TLW Global prioritises safety with minimal heat emission, making our LED products ideal for kitchens, bedrooms and bathrooms. The low-voltage systems ensure safe operation, especially in spaces with sensitive materials. Experience stylish lighting without compromising safety.

Did you know...

Traditional bulbs convert more than 80% of the total energy used to power them directly into heat!

CHOOSING THE RIGHT COLOUR TEMPERATURE

SETTING THE MOOD: COLOUR TEMPERATURE GUIDE

Set the mood in your kitchen, bedroom and bathroom with TLW Global's Colour Temperature Guide. Measured in Kelvins (K), lower Kelvins indicate warmer light, perfect for creating a cosy atmosphere, while higher Kelvins signify cooler light, ideal for task-oriented spaces. Choose the right colour temperature for the ambience you desire.

SPOT AND CONTINUOUS LIGHTING

STYLE AND FUNCTIONALITY COMBINED

Combine style and functionality with TLW Global's spot and continuous lighting options.

Spotlighting creates a soft, warm appearance, suitable for traditional styles and areas with ample natural light.

Continuous lighting is ideal for modern, sleek spaces, providing consistent, bright illumination for kitchens, bedrooms and bathrooms.

TASK AND AMBIENT LIGHTING

BRIGHT TASKS AND COSY ATMOSPHERES

Optimise brightness for different purposes in your kitchen, bedroom and bathroom with TLW Global's task and ambient lighting. Task lighting provides bright illumination for specific tasks, ensuring safety and efficiency. Ambient lighting offers indirect, softer illumination, adding texture and atmosphere to your spaces.

PLANNING LED LIGHTING INSTALLATIONS

EFFICIENT PLANNING FOR ILLUMINATING KITCHENS AND BATHROOMS

Efficiently plan your kitchen, bedroom and bathroom lighting installations with TLW Global's guidance on LED drivers.

Select drivers based on total wattage, ensuring a higher capacity than the total lighting load. This ensures efficient and effective lighting solutions that cater to the unique requirements of your spaces.
