**Code:** K32-4924CCT

**Product Name:** VEW FLEXI LED SHEET CCT

## Description

Flexible 24V LED sheets designed to provide versatile, high-quality illumination across a wide range of applications. Available in CCT 2700K - 6500K, the sheets can be cut to size at designated cutting points and feature 3M 300LSE adhesive backing for easy installation.

## Product Details

| | |
|---|---|
| **Product Type:** | Flexi LED sheet |
| **Product Description:** | • Manufactured using premium-quality LEDs with pure gold bonding wires and large LED chips for excellent performance and reliability.<br>• Produced using high-temperature, SMT technology with smooth, high-quality solder joints for enhanced durability.<br>• Double-layer PCB construction provides stable electrical performance and improved reliability. |
| **Wattage:** | 40w |
| **IP Rating:** | IP20 Rated |
| **Colour Temperatures:** | • CCT 2700k - 6500k |
| **CRI:** | >90 |
| **LEDs:** | 484 LED's, SMD2835 |
| **Mountable:** | 3M 300LSE tape |
| **Cutting Unit:** | 22.3mm x 22.3mm |
| **Size:** | 490mm x 245mm |
| **Guarantee** | 7 years |
| **You will also require:** | • An accessory pack containing connecting cables, spaces and fixings<br>• 24v Driver |

## Specification

| | |
|---|---|
| **Voltage:** | 24v |
