

Code: K30-2084\*

## 4 Zone Remote Control

A versatile 4-zone RF remote control series designed for dimming, colour temperature adjustment, and RGB colour control. Compatible with TLW 2.4 GHz RF smart lights and controllers, offering flexible group control, dynamic modes, and smooth linking/unlinking functionality.

### Key Features:

- Control Options by Model
- K30-2084SC: 4-Zone Single Colour Dimming Remote (brightness control).
- K30-2084CCT: 4-Zone DIM & CCT Remote (brightness + colour temperature).
- K30-2084RGB: 4-Zone RGB Remote (brightness + colour + saturation).

### Functions:

- Brightness dimming (1%–100%).
- Colour temperature adjustment (CCT warm to cool white).
- RGB colour selection via touch ring (7 pre-set colours + gradual cycle).
- Saturation control (RGB mode).
- Dynamic mode switching with speed adjustment.
- Night light mode and quick brightness pre-sets (30%, 60%, 100%)

### Technical Information:

- Frequency: 2.4 GHz RF
- Zones: 4
- Range: Long-distance transmission (typical indoor range up to 30 m)
- Power: Battery operated
- Size: 140.1 mm × 45.8 mm × 17 mm
- Indoor use only: avoid humidity, high temperature, dust, and strong electromagnetic fields.
